KMA Global Solutions International Requests NOBO List

Mississauga, Ontario – October 11, 2006 - KMA GLOBAL SOLUTIONS INTERNATIONAL, INC. (OTC: KMG), today announces that the Company has requested its NOBO (Non-Objecting Beneficial Owners) list from a corporate services vendor to determine the Company's actual shareholders.

In connection with its anticipated transition from quotation on the Pink Sheets to the Over the Counter Bulletin Board, the Company has requested the information to enable review of the true equity position of all beneficial owners or shareholders. KMA Global Solutions International feels that its current share price is the result of reported short positions and that examining an accurate inventory of its true stock ownership will assist in resolving the discrepancy in respect to its outstanding share position.

Jeffrey D. Reid, Chief Executive Officer of KMA Global Solutions International, Inc., commented "We are very excited to enter into the next stage of our business strategy and are committed to maximizing our shareholder value and achieving transparency in regards to how our stock is traded. To that end, we are conducting a careful analysis of what's going on out there in the marketplace and intend to expose any artificial positions."
