KMA Global Solutions International Signs Agreement with South American Distributor

Mississauga, Ontario – September 11, 2006 - KMA GLOBAL SOLUTIONS INTERNATIONAL, INC. (OTC: KMAG), today announced the signing of a strategic distribution agreement with Corporacion Rey S.A. of Callao, Peru. Pursuant to the agreement, which is expected to generate over US \$2 million in annual revenues for KMA, the large South American company will distribute KMA Global Solutions International's suite of products to retail suppliers based in Peru.

Corporacion Rey S.A. is a major supplier of zippers, labels, tapes, elastic tapes and several other accessory requirements to North American garment retailer suppliers. Using the latest technology and the highest level of quality assurance, (ISO 9001:2001) Corporacion Rey is a strategic distributor that allows KMA to enter this growing marketplace for its Electronic Article Surveillance (EAS) products.

KMA Global's EAS tagging equipment provides leading edge solutions for retailers of apparel, over-the counter pharmaceuticals, health and beauty aids and multimedia packaging to prevent inventory shrinkage and enable open display of high-margin and high-cost items for more effective consumer product promotion by retailers. KMA Global's DUAL Tag™ offers the cost advantage of eliminating dual production runs and duplicate inventories by combining both AM (Acousto-Magnetic) and RF (Radio Frequency) technologies in a single pass, high speed application.

KMA Global's CEO, Jeffrey D. Reid, stated, "This agreement demonstrates KMA Global's commitment to strategic international expansion in an effort to be closer to our clients. Our agreement with Corporacion Rey S.A. will help us to further reduce costs and make it easier for us to live up to our guaranteed on time delivery of products to retail suppliers in South America. We are truly excited about this opportunity and look forward to building a strong relationship with Corporacion Rey."
